Build a central Field Day log server with local DHCP and GPS time

Centralized Field Day logging is one of those things that looks simple until the network hiccups, the generator burps, Windows decides it is “helping,” or one laptop thinks it is 2019 and another thinks it is next Tuesday.

[Ham Radio Hacks](#)

Guide to prepping for ARRL Field Day: LiFePO4 batteries, solar panels & generators

Examining ways to successfully operate your transmitting equipment from sources completely independent of the commercial power mains.
